

## Enviably Lifestyle Business

### Maroochydore

Most of us choose the Sunshine Coast for its amazing lifestyle, yet so many end up working long hours in their businesses, without the flexibility and financial rewards they need and deserve.

That's where this opportunity is different from most. This easy to operate, 5 day per week business offers great freedom and enjoys substantial profits of over \$350 000 (2021).

There are few nonskilled, low risk and low expense businesses that can match this and considering it has been established over 30 years, you know the loyal clientele and repeat business clients keep coming back.

Servicing a blue-chip...
